JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Sixth Memoir: storms of the China seas from 1780 to 1841.

Seventh Memoir: On the Calcutta hurricane of 2d and 3d of June, 1842.

Printed circular from the "Museum of Economic Geology of India." From Mr. Piddington.

WRITTEN COMMUNICATIONS.

Two letters were read from Mr. Piddington, dated 28th of February and 25th of March, 1843, in reference to his Memoirs, and requesting of the Academy any duplicates of works or pamphlets on meteorological subjects in its possession; and also acknowledging the receipt of the Academy's Proceedings from the Corresponding Secretary. He likewise solicited attention to the circular of the "Museum of Economic Geology," a newly-formed institution in India, and proposed exchanges with it.

Mr. T. A. Conrad read a paper intended for publication, entitled "Descriptions of a proposed new genus of Trilobites, and of fifteen new species of Silurian fossils; and also of new Tertiary fossils: with observations on the Trenton limestone, and the lead-bearing limestone of Wisconsin."

Referred to a Committee, consisting of Mr. Phillips, Dr. Morton, and Mr. R. C. Taylor.
